Hospital to Home

A hospital stay can be a challenging time. Following discharge, support services can be provided to assist with recovery at home.

The **Hospital to Home** program, at Support Options-Upper Murray Family Care, can assist with arranging short term additional support for people who are frail aged or who have a disability, and their carers.

Services that can be arranged include: personal care, home care, assistance with meals and other support based on individual needs.

Referrals can be made over the phone by yourself, or with your consent, by another person, including the hospital. At least 24 hours notice will ensure that the support you require is available for your return home.

This service is available to people living in the Local Government Areas of:

Alpine, Benalla, Indigo, Mansfield, Towong, Wangaratta and Wodonga.
