UMFC acknowledges the support of the Victorian, NSW, and Australian governments. We acknowledge the traditional custodians and Elders past and present, who have raised children and taught them about the world around them. We celebrate diversity and are committed to inclusion for all as a service and a workplace. We are a Child Safe Organisation.

Providing support to
LGBTQIA+ Community
by Community

The Qspace program is a free, safe and inclusive counselling service for those in the LGBTQIA+ community and their families across Victoria, including those in regional and rural areas.

Providing support to LGBTQIA+ Community by Community

The Qspace network provides face-to-face and online counselling for people seeking personal support. It offers specialist counselling services for lesbian, gay, bisexual, trans, a-sexual and gender diverse, intersex, and queer people of all ages, as well as their families and communities.

Qspace at UMFC is part of the Family Therapy Team. Qspace provides access to support for LGBTQIA+ people and their families living in North East Victoria through creating places of inclusivity and care. Our Qspace counsellors have a focus on relationships, families, parenting and young people and offer co-located services across North-East Victoria.
